

Drill Pipe

Range of slim hole drilling tubulars and workstrings for coal seam gas applications

Advantages

1. **Efficiency**
 - Hard banded with internal plastic coating
 - High torque connection
2. **Safety**
 - Complete with inspection reports
 - All pipe inspected to premium

Specifications

HWDP										
OD (in)	Connection	Tube ID (in)	Adjusted Weight (lb/ft)	TJ OD (in)	TJ ID (in)	TJ Yield (ft-lbs)	Rec M/U Torque (ft-lbs)	Nominal Tube Tensile (lbs)	Type (Stand/Int)	Design (Conv/Spiral)
3½	NC38	2½	23.29	4 3/4	2½	19,200	11,520	310,500	Standard	Conventional
4	DS38	2½	28.28	4 7/8	2½	30,600	16,000	407,600	Standard	Conventional
4½	NC46	2½	41.25	6 1/4	2 13/16	44,400	25,800	548,100	Standard	Conventional

Drill Collars					
OD (in)	Connection	ID (in)	Adjusted Weight (lb/ft)	Max M/U Torque (ft-lbs)	Type
4½	NC38	2½	46.68	11,000	Spiral Zip
4½	NC38	2½	46.68	11,000	Slick
6½	NC46	2½	88.05	30,900	Spiral

Drill Pipe

Options

- Full range of handling tools, subs, and floor valves to support our range of tubular sizes
- Fishing tools to support our range of tubular sizes
- Pipe bins for transporting

One Company | One Complete Fluid Solution

Fluid Storage & Management

- Mobile & Skidded Frac Tanks
- Frac Ponds
- Mobile Flowback Tanks
- Acid Tanks

Drilling & Completion

- Mud Pumps
- Drill Pipe

Site Infrastructure & Service

- Spill Containment Equipment
- Potable Water Storage

- DST Tanks
- DFIT Tanks
- Agitator Tanks

- Pipe Bins
- Well-Test Equipment

- Non-Potable Water Storage

- Dual Skin Tanks
- Transfer Pumps & Hoses
- Vacuum Trucks & Fluid Transport

- Flowback Iron
- Flare Tanks

- Trailer Mounted Toilets
